

CIS Mission Statement

Our mission is to provide Texas Christian University with a variety of professional and cost effective solutions in the appropriate integration and utilization of instructional technologies in a diverse academic environment.

CIS Vision

Our vision is to become a recognized center for instructional technology known for its outstanding support of faculty, staff and students of TCU in facilitating excellence in the teaching, research and services endeavors of the University.

SERVICES

Classroom Technology Support Services

(CTSS) provides free of charge to faculty and faculty-sponsored organizations a wide-range of portable instructional technology equipment for classroom and presentation support on campus with logistical support if required.

CTSS also provides support and training for all instructional technology equipment installed in classrooms, labs and lecture halls.

Instructional Technology design support provides assistance in planning, design and installation of instructional technology systems in classrooms and other facilities on campus.
